HOW IT WORKS

Your **email message** is placed within a plain border frame under the banner logo of *Paralegal Today* and it is sent directly from the magazine to the readers. The *Paralegal Today* banner includes a separate note from the editor to the readers introducing your company and your message. All you need to do is *provide us with the following*:

- **Your plain text** message up to 300 words in Word.doc format.
- **Your logo or small image** such as photo or screen shot, maximum size 450 px wide by 400 px high.

Paralegal Today utilizes the standard ConstantContact online email program for sending email messages to readers (www.constantcontact.com). Your message must conform to the specifications of this simple program. We will copy your message and image into the ConstantContact program and match it **as near as possible** to your Word.doc layout. **Please note:** we cannot guarantee an exact match to your type style or Word.doc layout due to limitations in the design factors available within the ConstantContact program. Prior to sending, you will receive a checking proof of your Eblast for review and final approval.
